Steps to your first trade

< mins

Typical completion

70+

Currencies available

Step by step

- 1 Create your free account with your email and a strong password.
- 2 Complete a one-time identity verification (KYC) - have your ID ready.
- 3 Choose your currencies, enter the amount, and lock in the live quote.
- 4 Fund the trade into escrow; once confirmed, receive your money or coins and release escrow.

Key points

- ✓ The rate you see on the board is the rate we settle at.
- ✓ Every trade is protected by escrow.
- ✓ Support is available 24/7 if you get stuck.

Frequently asked questions

How long does verification take?

Most accounts are verified quickly once a clear photo of your ID is uploaded.

What payment methods can I use?

UnionPay, Alipay, WeChat Pay, bank transfer and crypto wallets.

Is there a minimum amount?

You can start small - the platform shows any limits before you confirm.

Tip: double-check the receiving details before you confirm - transfers move fast.
